

FLEXIBLE SEATING

Why Flexible Seating? → The idea is that every student has a different learning style and different needs, and as his/her teacher, I want to have a classroom that meets these variety of needs.

Types of seating → Padded bucket seats, camping style chairs, gaming style chairs, yoga mats, floor cushion rug area, floor cushion table area, high table with stools, desks with stability balls, standing desks, and a few other random types of seating.

Important things to remember:

1. Flexible seating is being used so that you learn better and feel more comfortable in the classroom. It is not so that you can have fun and mess around.
2. Flexible seating can be taken away at any time. It is a privilege to have it and will not be given to students who cannot handle themselves or the seating options.
3. Seating is based on a first come basis. If a student is there, it is his/her seat. You may not reserve/save seats. You may not pressure someone into moving. You may not push someone or their stuff off of a seat.
4. Students with classroom jobs that week get first pick of seats **EVEN IF THEY ARE NOT FIRST IN THE CLASSROOM AND AT THAT SEAT.**
5. The rules must be followed at all times.
6. Ms. Thornton does not have time for whining, drama, tantrums, vandalism, disrespect to the seating and supplies, etc.
7. Enjoy and learn and we can have this for the whole year!
